TURNTABLE**

TECNICAL SPECIFICATIONS

3 different turntable sizes: 40cm, 30cm, 20cm
 110-220 Volts
 4 independent dimmable light sources
 5 turnable led panels
 Color temperature 5500-3200K Average
 Life Span ≥100000 hours

Cooling Mode Natural Ventilation
 2 asynchronous motorised axis
 Lighting Technologies: LED High Lumens, CCT]* from 3200 Kelvin (Warm White) to 6000K (Cold White), Dimmable light and Kelvin

LED panels: 7 key light, more 2 light ellipse
 Color Rendering Index: CRI >80
 External Power Supply: 110 - 230 Vac
 Max. Power Consumption: 280 W
